

# Tolulope Abanikannda

FullStack Developer

(+234)8148226089 # [www.linkedin.com/in/abanikanndatolu](https://www.linkedin.com/in/abanikanndatolu) #

Results-driven FullStack Developer with 4 years of experience in designing, developing, and maintaining software applications. Adept at full-stack development, with a strong focus on delivering high-quality code and scalable solutions. Proven track record of collaborating with cross-functional teams to meet project goals and deadlines.

## SKILLS

- Programming Languages: Python, JavaScript, Php, MySql, Dart, Flutter, C++, C#.
- Web Development: HTML, CSS, Javascript, Dart, Flutter, Php, MySql.
- Databases: MySQL, MongoDB.
- Version Control: Git, Local History(Andriod Studio).
- Software Tools: IntelliJ IDEA, Visual Studio Code, Andriod Studio, Notepad++, Git, Arduino Ide.
- Problem Solving: Algorithm design, debugging.
- Team Collaboration: Strong communication and teamwork skills.
- Know Hardwares: Esp32, Arduino(uno,nano,mega), Raspberry pi, Fit\_Pc3(was used as an ubuntu server).

## PROFESSIONAL EXPERIENCE

**Lead Developer | Ant Cyber Technologies, Lagos, Nigeria | January 2024 - Present**

- Collaborated with a cross-functional team to develop and maintain e-commerce website, social media platforms, File Sharing Platforms, and other programs for our clients.
- Implemented proper web security protocols ranging from ssl installation, captcha implementation, escaped queries, and many more.
- Deployment of mobile app to play store.

**Fullstack Developer | Digital Class, Lagos, Nigeria | May 2021 - December 2023**

- Enhanced system functionality by optimizing database queries, resulting in a 20% decrease in response time.
- Fullstack development of an online e-learning website and mobile app using html, css, bootstrap, mobrise, js, dart, flutter for frontend technologies and php, MySql for backend.
- Implementation of payment gateways like Paystack, Stripe, Flutterwave for payment processing and verification.
- Design and construction of Apis using Php for flutter Frontend.

**Tutor | Lasu Cbt18 Limited, Lagos, Nigeria | April 2023 - February 2024**

- Developed and delivered comprehensive web development courses covering HTML, CSS, JavaScript, and popular frameworks like Bootstrap and React.
- Guided students through the creation of real-world projects, such as personal portfolios, e-commerce websites, and interactive web applications.

- Taught foundational IT concepts, including hardware, software, networking, cybersecurity, and databases, ensuring students gained a broad understanding of the IT landscape.
- Facilitated project-based learning, guiding students through the design and construction of functional robots capable of performing tasks like obstacle avoidance, line following, and remote control.

## EDUCATION

---

Bachelor of Engineering in Electronics And Computer Engineering | Lagos State University | Lagos, Nigeria  
| 2023-2026

- Relevant Courses: Data Structures, Algorithm Analysis, Software Engineering, Database Management, Hardware Management, Hardware Design

## CERTIFICATIONS

---

- Sql Injection Attacks (EC-Council) | 2023
  - Endpoint Security (Cisco Networking Academy) | 2024
  - Google Play Store Listing Certificate | 2024-2027
  - Ethical Hacking (EC-Council) | 2023
- Many more available upon request.
